Project snapshot

Democracy Tree (2023-1-BG01-KA220-YOU-000152168) equips youth workers and young people with engaging tools to learn about the roots of democracy and today's European values—while actively promoting non-discrimination and combating racism and xenophobia.

Democracy Tree offers an online platform and non-formal education toolkit that help young people explore how democracy began, how it evolved, and how it underpins EU values today—while actively promoting non-discrimination and inclusion.
